There is the ability to organize all of your resources and your clients files by creating folders within the template bank and client profiles.

Creating Folders for Resources

1. Go to the main **Templates** tab and click on the **Resources** side option.

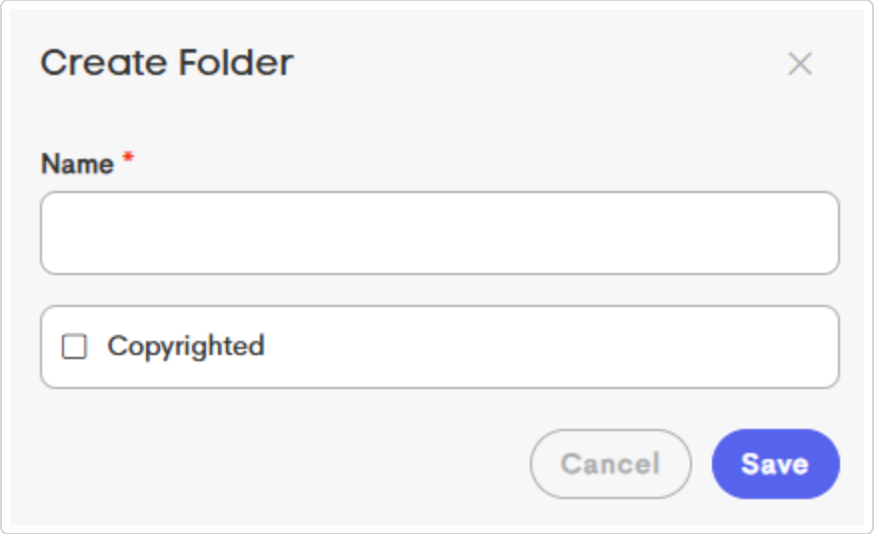

2. Click **Add Folder** in the upper-right corner.

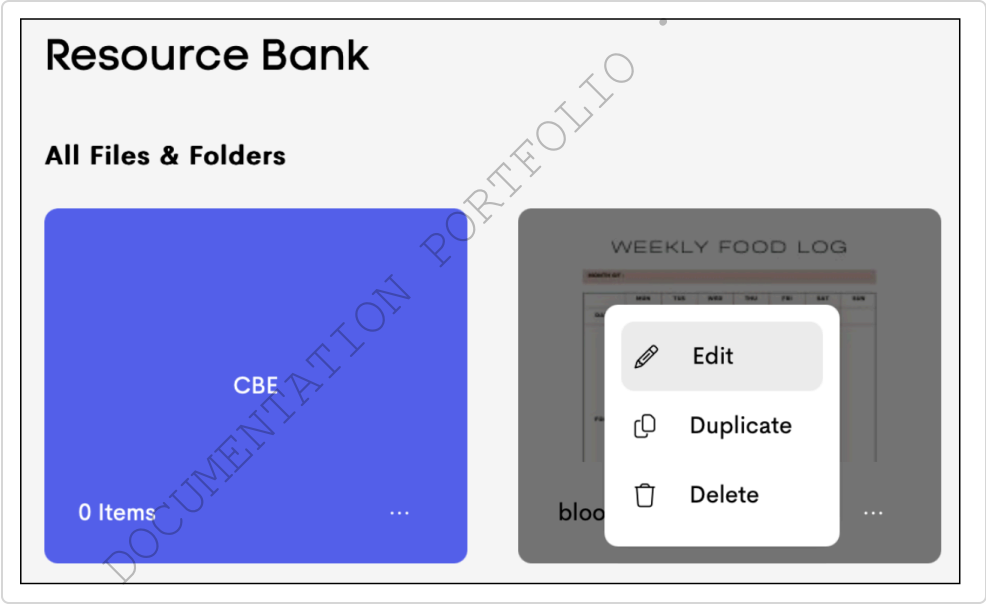

3. Enter the folder's **Name** and check the box if you want it to be copyrighted.

4. Once you click **Save**, the new folder will now be added to the gallery.
5. Choose an existing document to add to this new folder. Click on the **three-dot menu** of that document, and select **Edit**.

6. From the **Folder** dropdown, choose the name of the new folder. You can also change the **Document Name** for this folder location as well.
